

# COVER LETTER

Dear Recruiter,

This letter is to express my interest for following role. With a Bachelor's degree in Information Technology, and hands-on experience using Python language to create and implement multiple projects, I am confident that I will be an asset to your organization.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new technologies and development techniques are important to me and the success of your organization.

My skills might fulfil your requirements and I am good at learning new skills as per requirements. I would like to mention a few of my skills.

- Problem Solving
- Data Structures
- Python
- Django
- Machine learning – Computer Vision
- Blockchain
- Internet of things
- SQL

Thank you for your thoughts and time. I'm excited to learn more about the following role and Company. I'm looking forward to hearing from you.

Thanks, and Regards,

Harsh Kaithwas
